About SilvaStar®

At SilvaStar, trust is more than a word – it’s a promise. That promise is reflected in the quality of our products, our commitment to sustainability, and the relationships we build with every customer.

With a rich history stretching back over 30 years, SilvaStar has become a fixture in the wood and construction industries. Founded on the principles of putting the customers’ needs first, our commitment to delivering top-tier products and services has made us a trusted partner for builders, designers, and distributors throughout North America.

While we always promise to deliver the highest-quality wood products, we know that it’s not just about the wood; it’s about the trust you place in us.

That is why, from the forest to your doorstep, we uphold our promise through rigorous quality control measures, sustainable eco-friendly practices, and a dedication to exceeding your expectations.

SilvaStar is your reliable partner for the long-run, accommodating your changing needs and going above and beyond wherever possible. In a world of “buyer beware”, SilvaStar stands as a symbol of enduring quality and long-term customer confidence. Call us today.

Why choose SilvaStar?

Five reasons our customers return over and over:

HIGH QUALITY

SilvaStar's uncompromising dedication to quality ensures that our products will always meet or exceed your expectations.

COMPETITIVE PRICES

SilvaStar's success is based on providing value to our customers, exemplified by fair prices for quality products. We keep prices competitive by working in bulk, and by optimizing each stage of our manufacturing and logistics processes.

INDUSTRY-LEADING WARRANTY

Our warranties aren't loaded with depreciations and exclusions. We will cover all of our products for 15 years, and some of our coatings are covered for a lifetime.

EXCELLENT SERVICE

We maintain flexibility in our manufacturing lines to accommodate custom work. Our personnel are responsive to special requests and are committed to helping customers receive the products they need. We use our own trucking company and rail spur to ensure a timely delivery.

ON-TIME DELIVERY

SilvaStar delivers on time. We recognize that our products contribute to time-sensitive construction projects, and understand that our customers depend on our products being on site when promised.

Environmentally Friendly Processes

Our raw materials are taken from sustainable forests and our manufacturing processes minimize wood waste, water and energy use. Our products are certified to the Programme for the Endorsement of Forest Certification (PEFC), and all of our SilvaSeries™ products use the latest tech in low VOC latex coatings.

Uncompromising Quality Control of our Products.

We purchase only the highest quality J-Grade and square-edge SPF raw materials available, and sort for edge knots, splits, and shake prior to manufacturing.

Our industry-leading control of the production process to assure quality includes constant grade checks and continual oversight based on Lean Sigma principles.

Finished products are protected with paper wrap and reinforced with dunnage and corner protectors to prevent damage during transport.

SilvaStar is also the only specialty wood manufacturer that dries all

wet wood prior to manufacturing using five dedicated, on-site kilns. These kilns reduce moisture content to 19% or less, which is essential for proper milling and primer adhesion.

Up to 7% of our raw stock needs drying – an important consideration that we do not ignore, and one of the distinguishing features that sets us apart from our competitors.

SilvaSeries™

CEMENT SIDING WITH A UNIQUE TWO-TONE WOOD GRAIN APPEARANCE

The days of choosing between the beauty of real wood and the durability of fibre cement siding products are long gone. Our wood-grain textured fibre cement SilvaWood™ products, available in all standard fibre cement sizes, are factory prefinished in 12 gorgeous colours that mimic the look of real wood; boosting curb appeal and adding value to any new construction or remodel project. Order a sample pack today to see the true beauty of SilvaWood™. If you have a particular hue in mind, ask us how easy it is to do any custom colour.

PREMIUM PREFINISHED WOOD CEILING AND WALL PANELS

Our traditional 1"x 6" v-groove profile and modern, square edge wall and ceiling panels are prefinished with a beautiful, long-lasting solid or semi-transparent stain to enhance any room. Manufactured with appearance-grade SPF, our SilvaSoffit™ are end-matched for easy installation, and carry a 15 year warranty. Any profile can be made or custom color can be matched—just bring us your idea! Our soffit is made mostly from Lodgepole and Ponderosa Pine for a fine, appearance-grade finish.

WHY SILVASOFFIT™?

The value of wood soffits extends beyond their functional role, encompassing aesthetic appeal, ventilation efficiency, design flexibility, durability, and sustainability. Whether in residential homes or commercial structures, wood soffits add a natural, enduring element that enhances the overall quality and character of the built environment. With a warranty that has no exclusions, you know we're confident that you won't find a better prefinished knotty soffit.

FrameGuard® FUNGAL DECAY & TERMITE-RESISTANT WOOD

Why Use FrameGuard® Treated Wood?

FrameGuard® Total™ mold and decay resistant wood prevents mold problems - as well as damage from termites and fungal decay - in trusses, framing, OSB, wood I-beams, SIPs, and other wood products used in interior applications. It is also suitable for exposed applications when coated with approved primer and exterior paint.

FrameGuard® treated wood stays cleaner and brighter during storage and construction, thus precluding dissatisfaction and exchanges. Plus, homeowners get a mold-resistant product giving them greater peace of mind.

FrameGuard® Total™
 treatment prevents damage
 from fungal decay and termites
 in exterior applications when
 coated with approved primer
 and exterior paint.

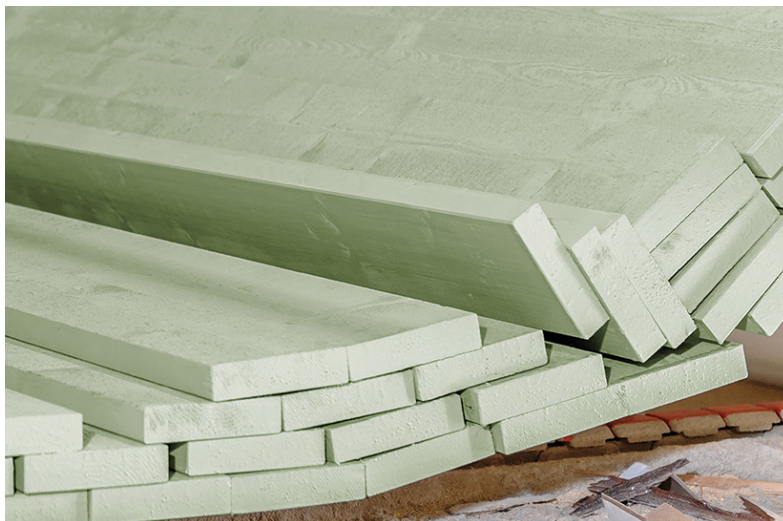

PROTECTS AGAINST:

ROT DECAY	✓
FUNGAL DECAY	✓
SUBTERRANEAN TERMITES	✓
FORMOSAN TERMITES	✓
CARPENTER ANTS	✓

The Warranty covers repair or replacement of defective material or reimbursement up to twice the original purchase price of the affected product for the original owner and first subsequent owner in the continental United States, including Alaska.

For warranty details,
 see wolmanizedwood.com*

*Warranty fulfilled by SilvaStar - Arxada not to be associated with liability for the warranty. FrameGuard® is a registered trademark of Arxada.
