Complete colour guide on following page.

APPLICATIONS

- Residential
- Multifamily
- Mixed Use
- Production Housing
- Commercial
- Retail
- Custom Homes
- Institutional
- Hospitality
- Education

TEXTURE & FINISH

Factory-applied multi-coat Sherwin-Williams® industrial coating applied under controlled manufacturing conditions to approved textured fiber cement substrates. Produces an authentic wood appearance with excellent color consistency, UV resistance and long-term durability.

INSTALLATION

Install SilvaWood™ strictly in accordance with:

- James Hardie® Installation Guide
- Allura® Installation Guide
- Applicable Building Codes
- Project Specifications

STORAGE & HANDLING

- Store flat
- Keep dry
- Keep off ground
- Retain slip sheets
- Protect finished face
- Do not drag boards
- Protect edges and corners
- Follow substrate manufacturer handling recommendations

FASTENERS

Use corrosion-resistant fasteners approved by substrate manufacturer.

SEALANTS

Use ASTM C920 compliant, paintable sealants. DAP® colour-matched sealants available.

TOUCH-UP

Use only SilvaWood™ approved touch-up coating. Verify colour. Mix thoroughly. Test before application. Apply sparingly.

WARRANTY

30-Year Limited Coating Warranty.
James Hardie® or Allura® substrate warranty.
Complete warranty available at www.silvastar.com.

IMPORTANT NOTES

- Verify final colour using approved physical samples.
- Natural grain variation is intentional and characteristic of the product.
- Installation constitutes acceptance of the product.
- Failure to follow installation requirements may affect warranty coverage.

ARCHITECTURAL SERVICES

Specification assistance, commercial quotations, colour consultation, technical support and specification review available.
